16.2 University Governance Measures

16.2.7 Publish financial data year 2025

Report of the Board
Ended 30 December 2025

Al-Mustaqbal University Council submits its report with the audited financial statements for the year ended December 30, 2025, which were prepared following the adjusted cash accounting.

The Accounts Department at the University prepares the financial statements and the notes attached thereto, in addition to all the financial information contained in this annual report. It is our responsibility to express an opinion on these financial statements based on our audits.

We conducted audits in accordance with the generally accepted auditing standards of the Republic of Iraq and the standards applicable to financial auditing contained in the government standards issued by the Federal Council for Financial Control.

These accounts are audited by the Government Financial Control Department in Iraq, which enhances transparency and accuracy and allows the identification of accounting gaps and errors.

These standards require that we plan and conduct an audit to reasonably ascertain whether the financial statements are free of material misstatement. The audit process, based on a selected sample, includes examining the evidence supporting the amounts and disclosures contained in the financial statements, as well as evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements.

The Board of Directors approved the financial statements

They signed on their behalf by:

Prof. Hasan S. Majdy, President of the University Council

Finance Manager
