16 Peace, Justice, and Strong Institutions

16.3 Working with Government

16.3.2 Policy- and lawmakers outreach and education year 2025

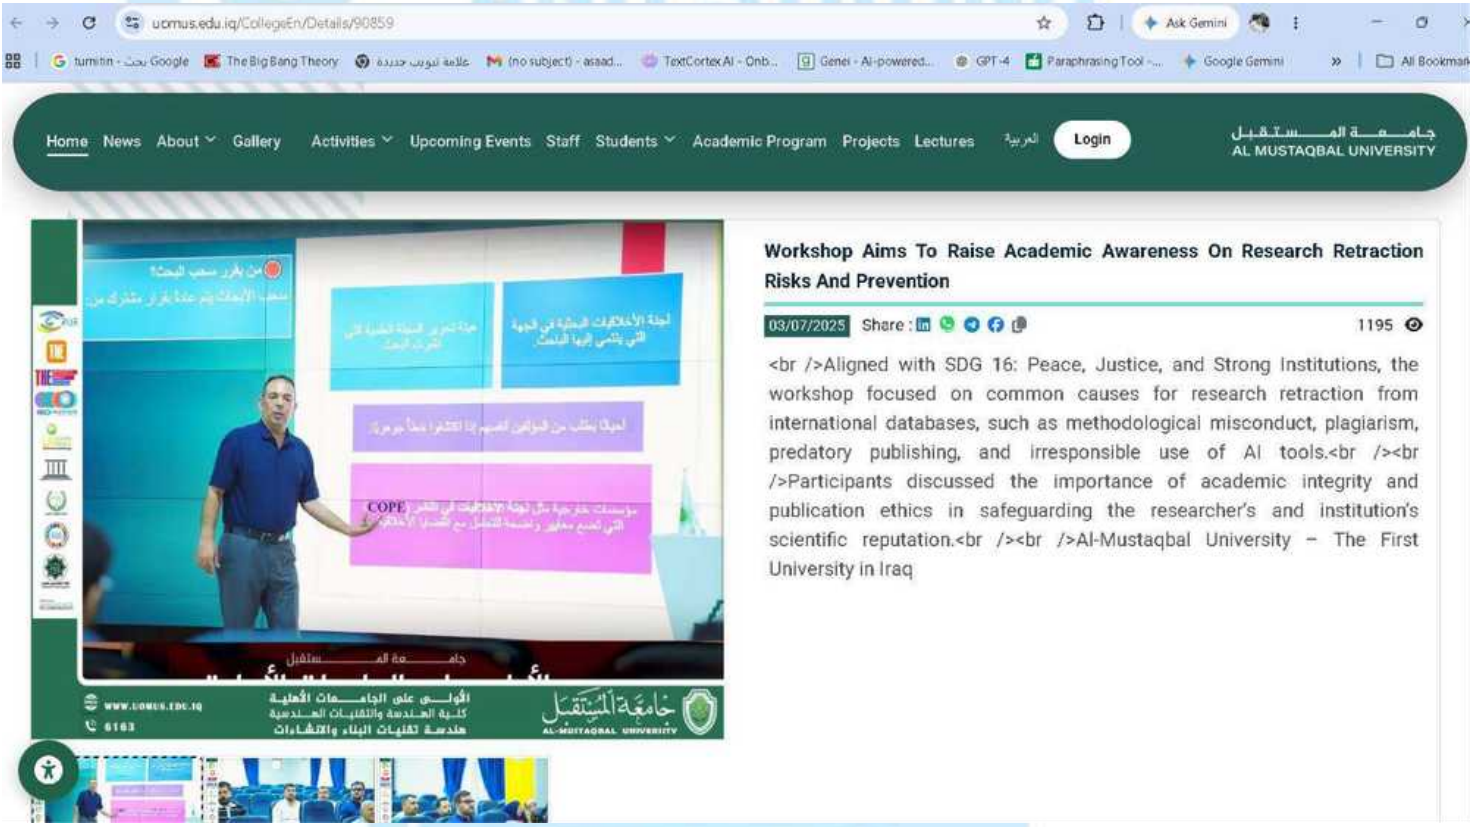

Evidence 1: Panel on Global Experiences in Sustainable Education, Future Sustainability Week (April 2025)

This news item, published on the university website (uomus.edu.iq) on 17/04/2025, reports the panel session "Global Experiences in Sustainable Education", held on the first day of the 2025 International Festival of Future Sustainability Week with an academic delegation from Alanya Alaaddin Keykubat University (Turkey) and moderated by the Director of the Scientific Affairs Department. Linked to SDG 16, the session brought international experience in sustainable education to the University's audience, and the University President presented commemorative shields to the participating delegations and speakers. Topic area: sustainable education.

Evidence 2: Workshop on Research Retraction Risks and Prevention (July 2025)

This news item, published on the university website on 03/07/2025, reports a workshop aligned with SDG 16 on the common causes of research retraction from international databases, including methodological misconduct, plagiarism, predatory publishing and irresponsible use of AI tools. Participants discussed academic integrity and publication ethics, strengthening a culture of transparency and accountability in research. Topic area: research integrity.

Evidence 3: Article: The Belt and Road Initiative and the Iraqi Economy (College of Administrative Sciences, October 2025)

This article, published on the College of Administrative Sciences website on 10/10/2025 under the title "The Belt and Road Initiative: Its Implications for the Iraqi Economy", contributes academic analysis of an economic policy question of national relevance and makes it openly available through the University's website, informing public and policy discussion. Topic area: economics.

Evidence 4: College of Law Participation in the Future Ambassadors for Sustainability Celebration (October 2025)

This news page, published on the College of Law website on 08/10/2025 under the title "The College of Law Participates in the Future Ambassadors for Sustainability Celebration as Part of the Iraqi National Week Activities", records the College's participation in a celebration held within the Iraqi National Week activities to promote sustainability awareness. Topic area: sustainability awareness.

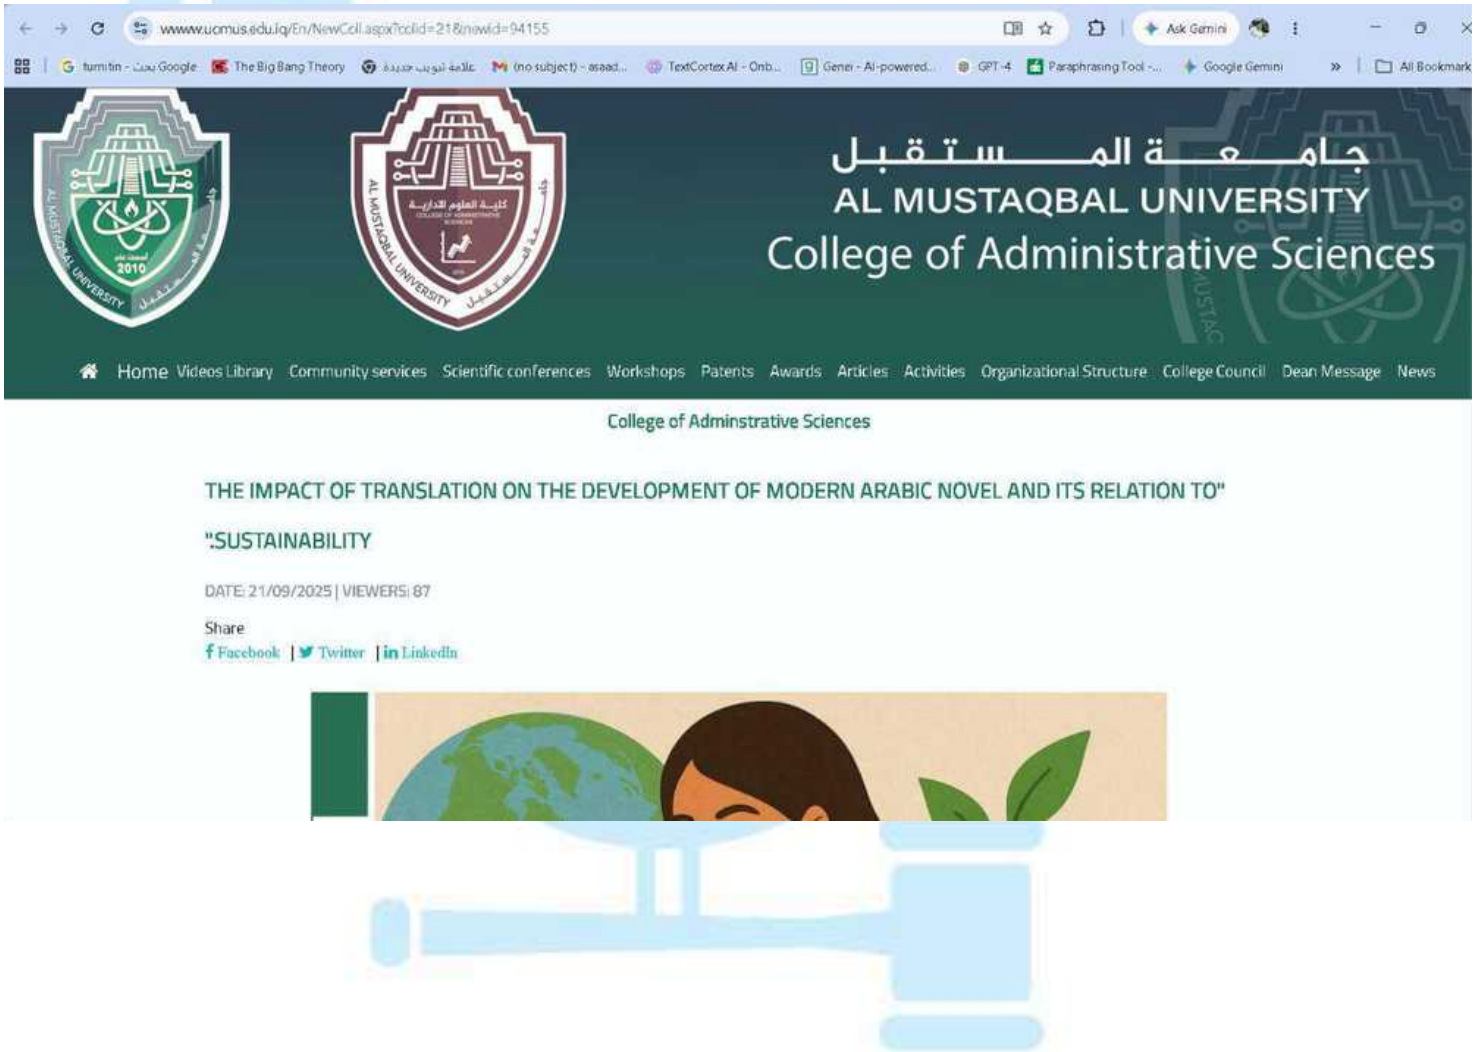

Evidence 5: Article: The Goals of Artificial Intelligence (College of Engineering and Technology, October 2025)

This article, published on the College of Engineering and Technology website on 09/10/2025 under the title "The Goals of Artificial Intelligence?", offers openly accessible academic commentary on artificial intelligence, a field of growing importance for public policy. Topic area: technology.

Evidence 6: Article: The Impact of Translation on the Development of the Modern Arabic Novel and Its Relation to Sustainability (September 2025)

This article, published on the College of Administrative Sciences website on 21/09/2025 under the title "The Impact of Translation on the Development of Modern Arabic Novel and Its Relation to Sustainability", connects cultural scholarship with the sustainability agenda and makes it openly available to the public. Topic area: culture and sustainability.

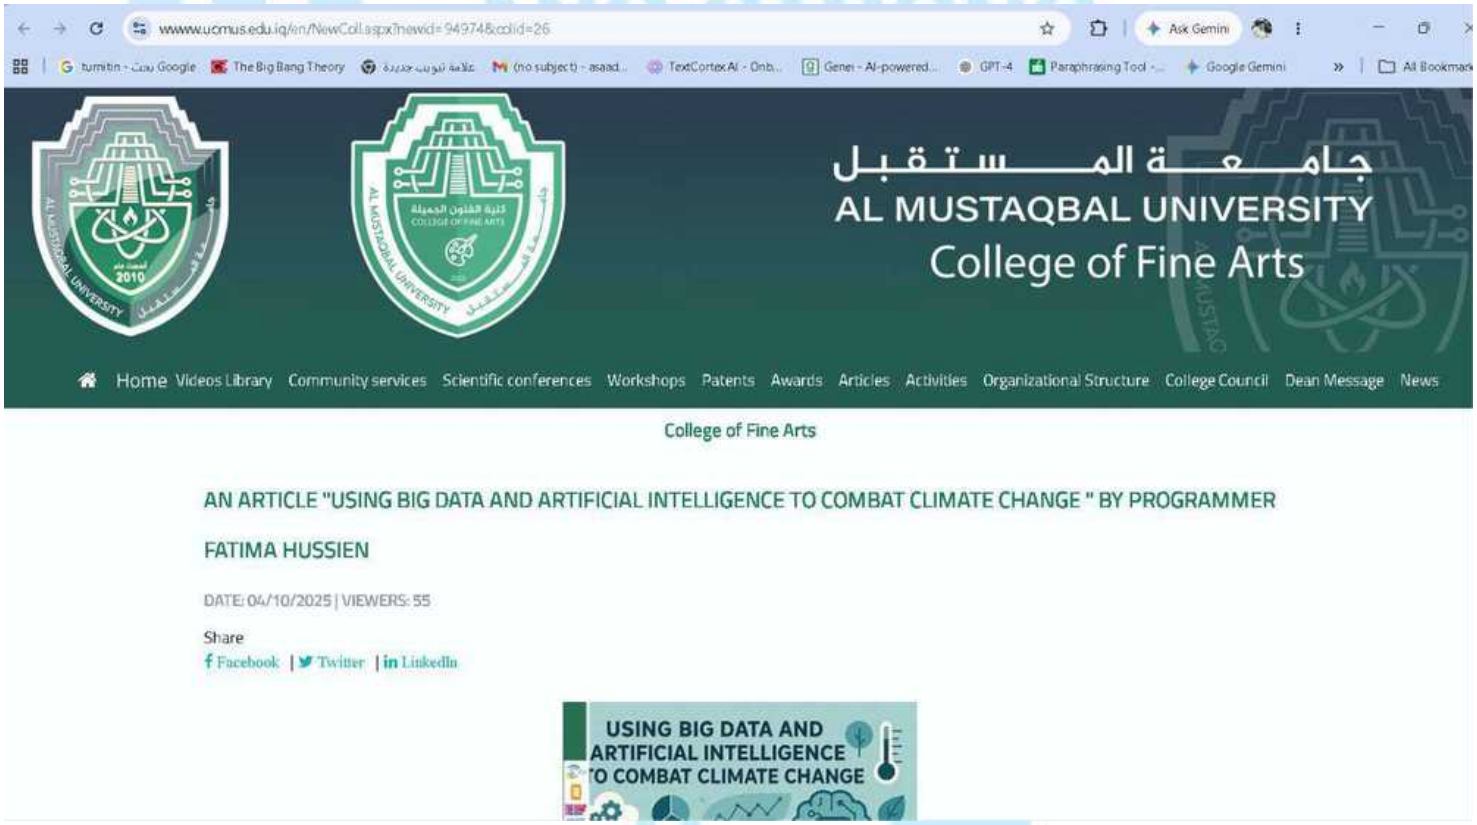

Evidence 7: Scientific Article: Water Scarcity in Iraq, Challenges and Possible Solutions (September 2025)

This news page, published on the university website on 22/09/2025 under the title "A Scientific Article by Assistant Lecturer Ibrahim Saeed Titled (Water Scarcity in Iraq: Challenges and Possible Solutions)", presents a scientific article on a resource challenge of national significance, illustrated under the Arabic title "Water scarcity in Iraq", and puts forward possible solutions for public and policy consideration. Topic area: water and environment.

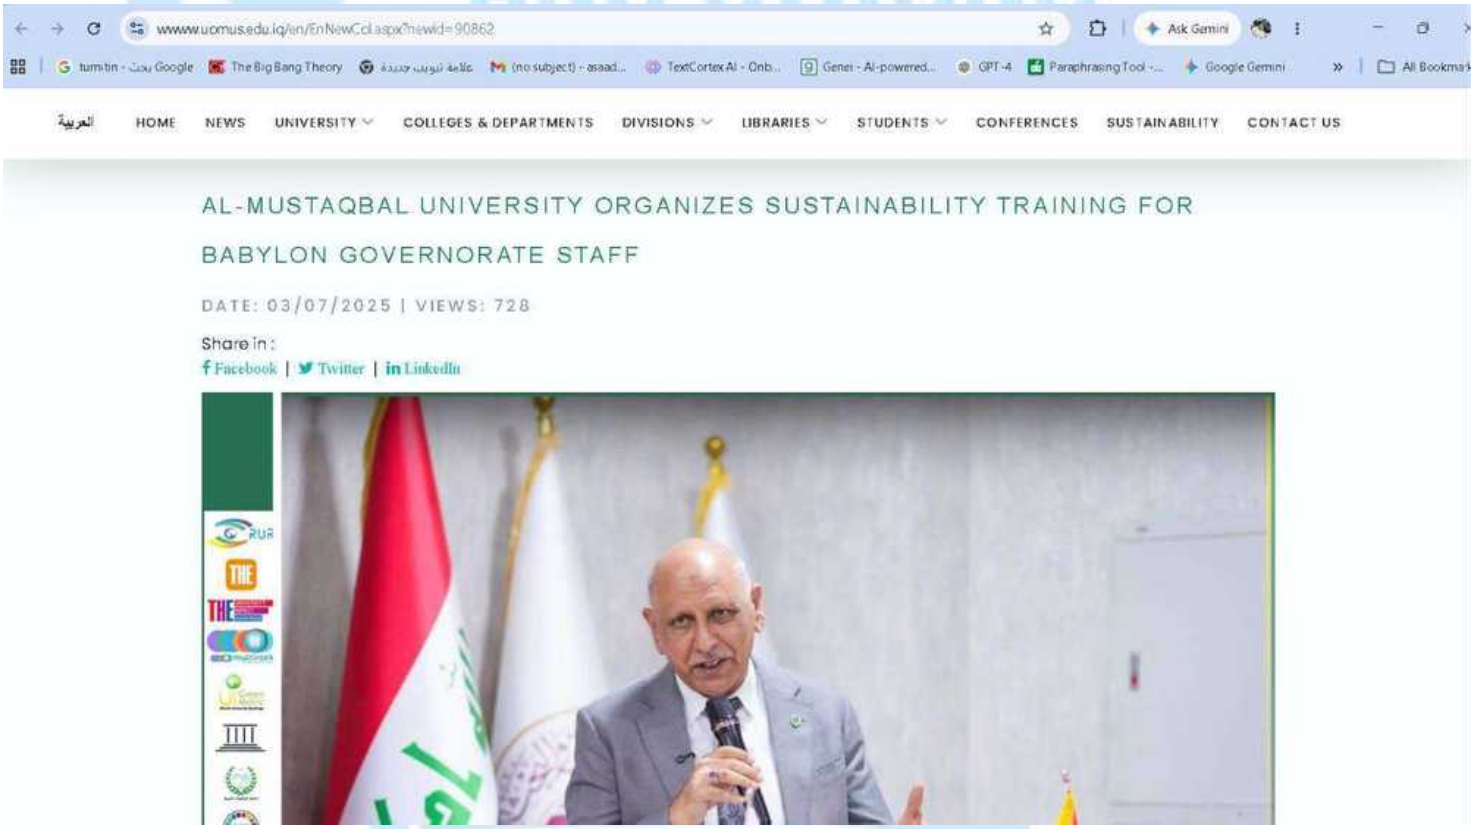

Evidence 8: Article: Using Big Data and Artificial Intelligence to Combat Climate Change (College of Fine Arts, October 2025)

This news page, published on the College of Fine Arts website on 04/10/2025 under the title "An Article 'Using Big Data and Artificial Intelligence to Combat Climate Change' by Programmer Fatima Hussien", presents an article on applying big data and artificial intelligence to climate action, adding to openly available knowledge on climate policy. Topic area: climate change and technology.

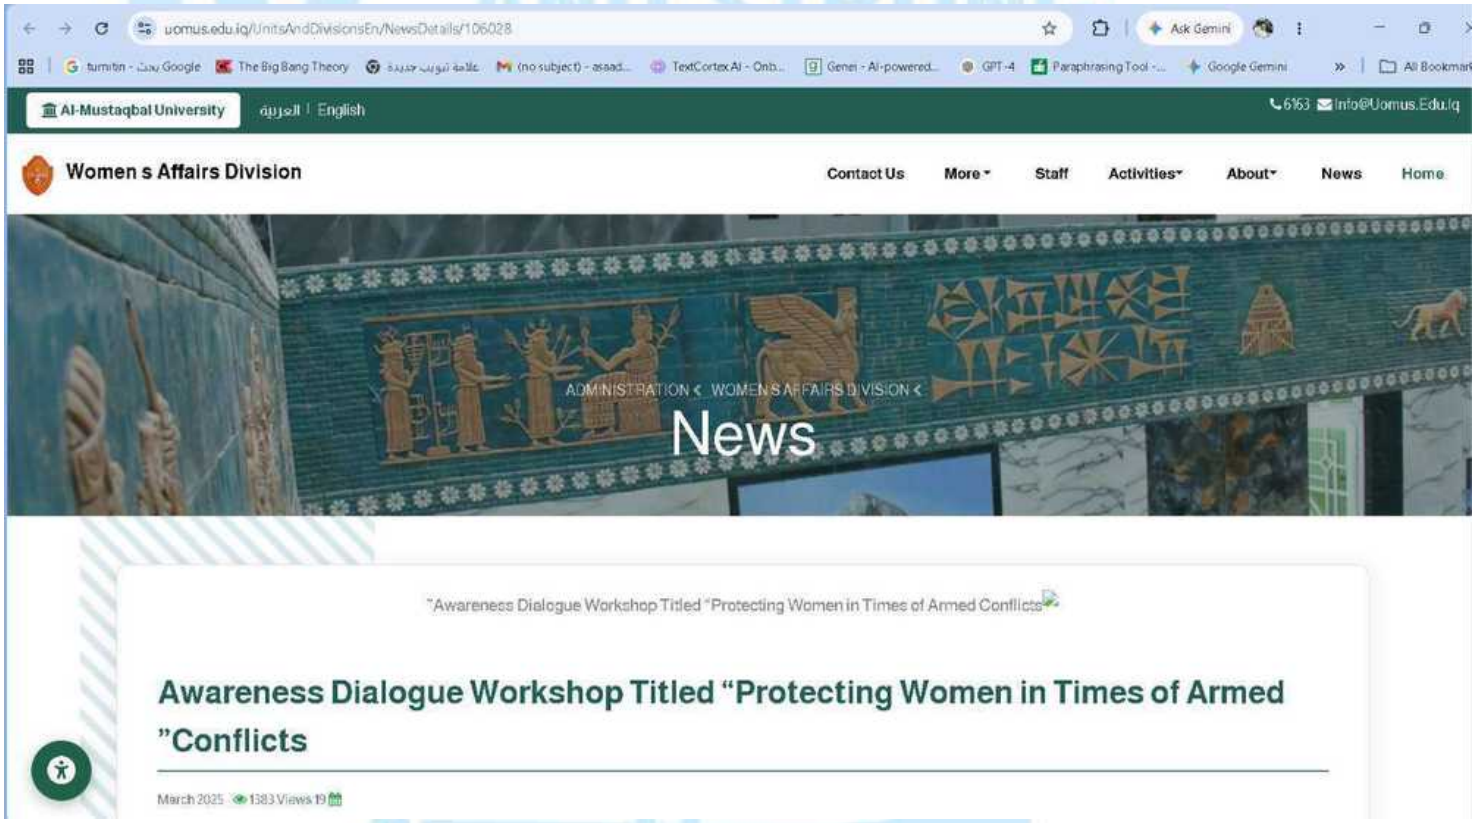

Evidence 9: Sustainability Training for Babylon Governorate Staff (July 2025)

This news item, published on the university website on 03/07/2025 under the title "Al-Mustaqbal University Organizes Sustainability Training for Babylon Governorate Staff", documents sustainability training organized by the University for the staff of the Babylon Governorate, with a photograph of a speaker addressing the session in front of Iraqi flags. It is a direct instance of the University providing education and upskilling to local government personnel. Topic area: sustainability training for governorate staff.

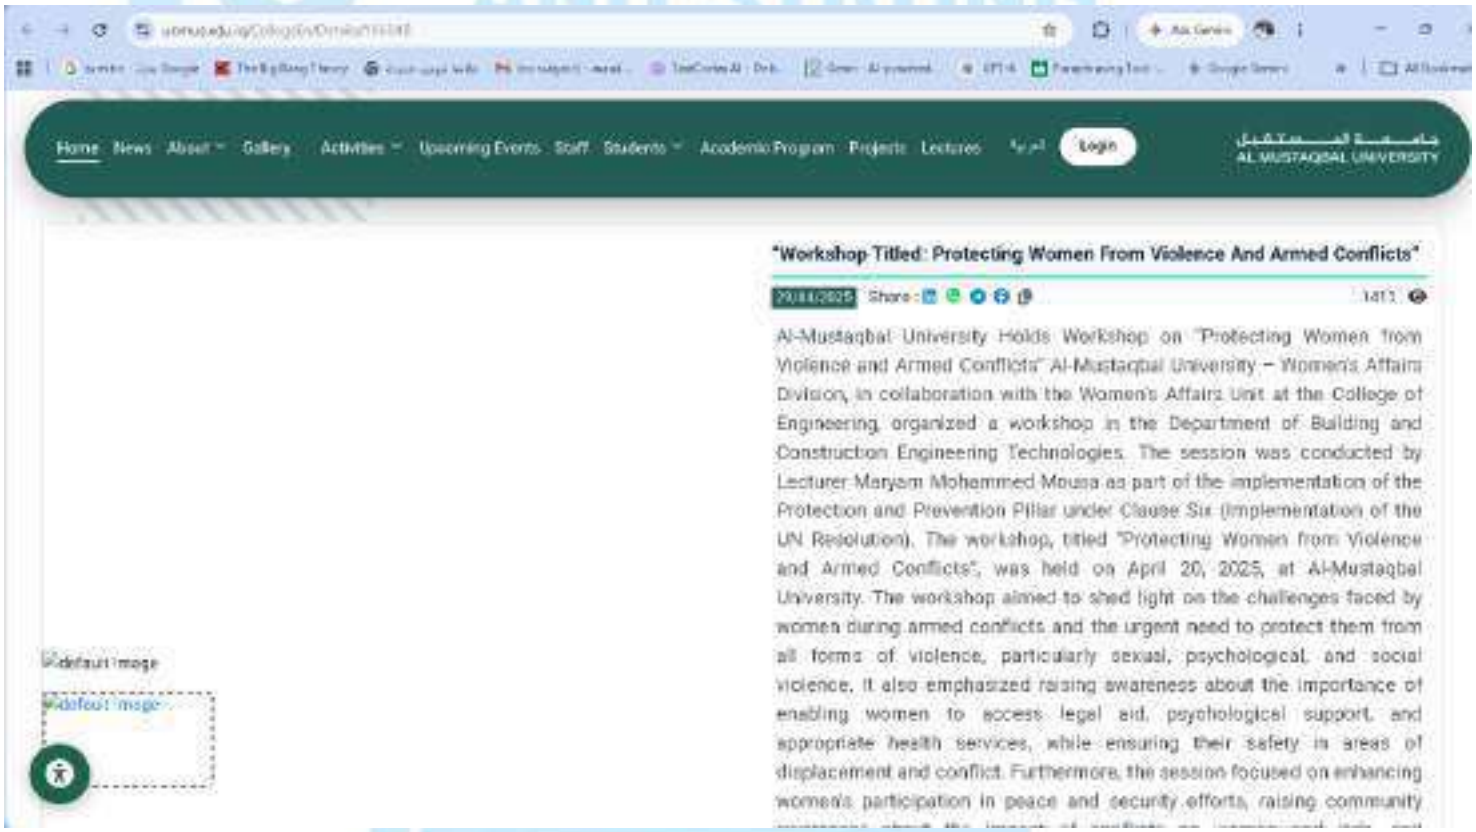

Evidence 10: Women's Affairs Division: Dialogue Workshop on Protecting Women in Times of Armed Conflicts (March 2025)

This news page, published on the website of the University's Women's Affairs Division in March 2025 under the title "Awareness Dialogue Workshop Titled 'Protecting Women in Times of Armed Conflicts'", records a dialogue workshop that raises awareness of the protection of women during armed conflict, a core concern of human rights law. Topic area: human rights and law.

Evidence 11: Workshop on Protecting Women from Violence and Armed Conflicts (April 2025)

This news item, published on the university website on 29/04/2025, reports a workshop held on 20 April 2025, organized by the Women's Affairs Division in collaboration with the Women's Affairs Unit at the College of Engineering and conducted by a lecturer, as part of implementing the protection and prevention pillar of a UN resolution. The workshop addressed the challenges women face during armed conflict and the importance of access to legal aid, psychological support and health services. Topic area: human rights and law.

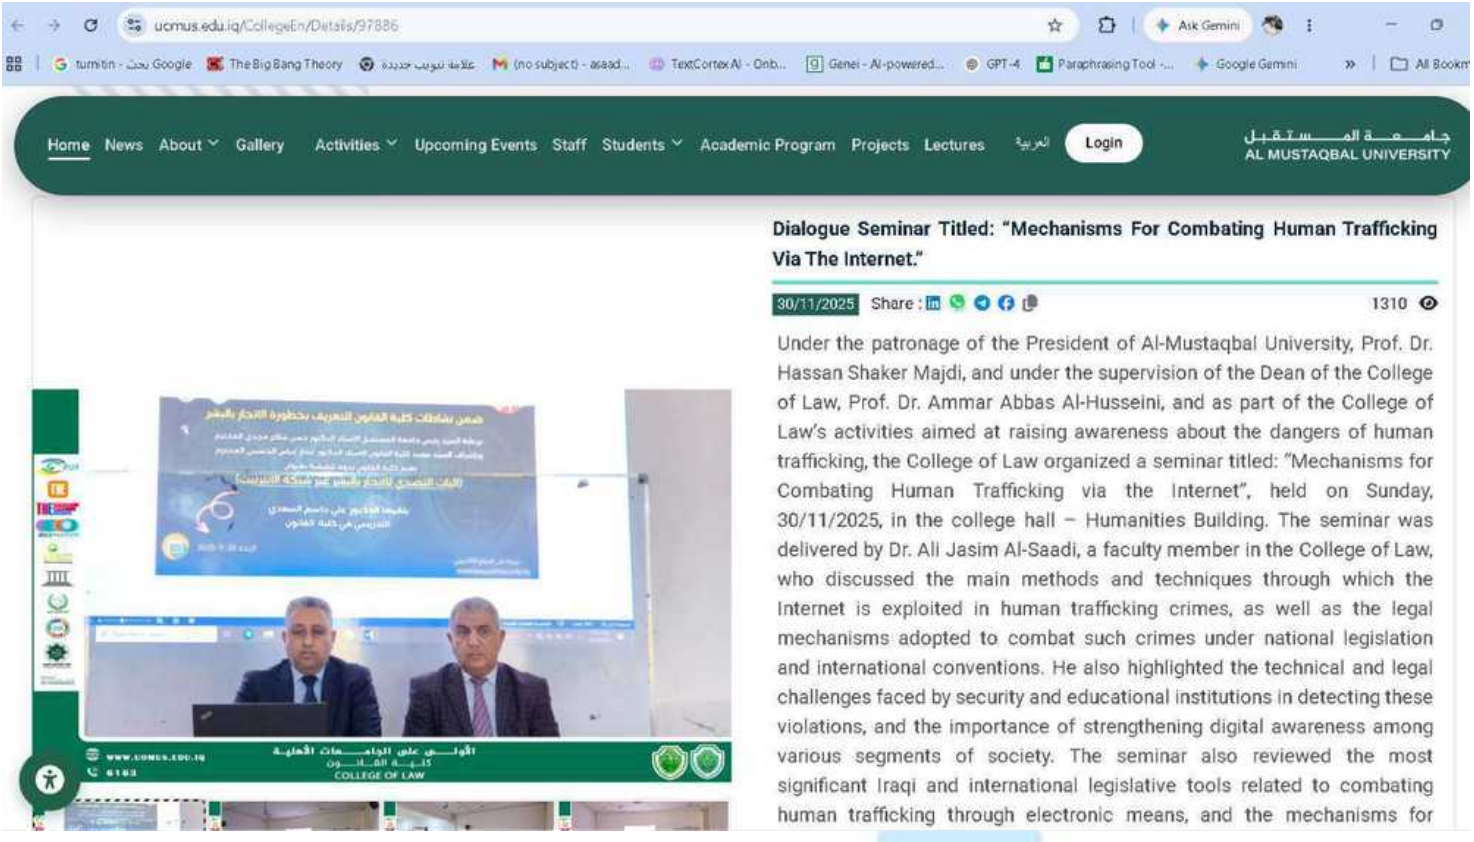

Evidence 12: College of Law Brochures on Prohibiting Sexual Harassment in the Workplace (March 2024)

This Arabic news item, published on the university website on 01/03/2024, states that, within Sustainability Week, the College of Law distributed brochures on legal topics related to SDG 16, including the prohibition of sexual harassment in the field of work and the protection of women from violence, with reference to the prohibition of sexual harassment in the Labour Law No. 37 of 2015. The activity spreads legal awareness of workplace rights and protections. Topic area: law.

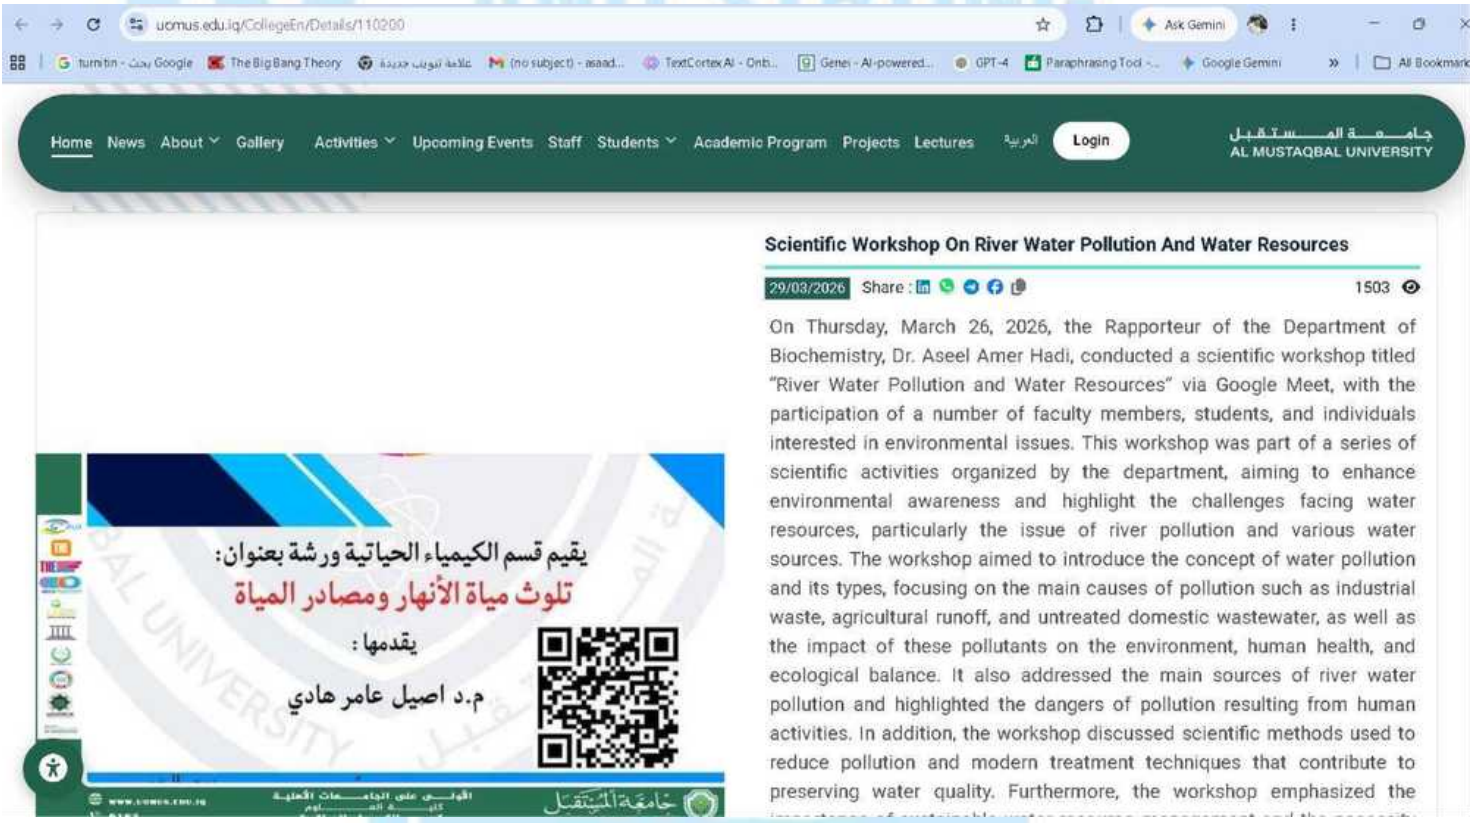

Evidence 13: Seminar: Mechanisms for Combating Human Trafficking via the Internet (November 2025)

This news item, published on the university website on 30/11/2025, reports a seminar held on Sunday 30/11/2025 in the College of Law hall, under the patronage of the University President and the supervision of the Dean of the College, and delivered by a faculty member of the College. The seminar covered the methods by which the Internet is exploited in human trafficking, the legal mechanisms adopted under national legislation and international conventions, and Iraqi and international legislative tools for combating such crimes. Topic area: law.

Evidence 14: Scientific Workshop on River Water Pollution and Water Resources (March 2026)

This news item, published on the university website on 29/03/2026, reports the scientific workshop “River Water Pollution and Water Resources”, conducted via Google Meet on Thursday 26 March 2026 by the Rapporteur of the Department of Biochemistry, with the participation of faculty members, students and individuals interested in environmental issues. Topic area: water and environment.

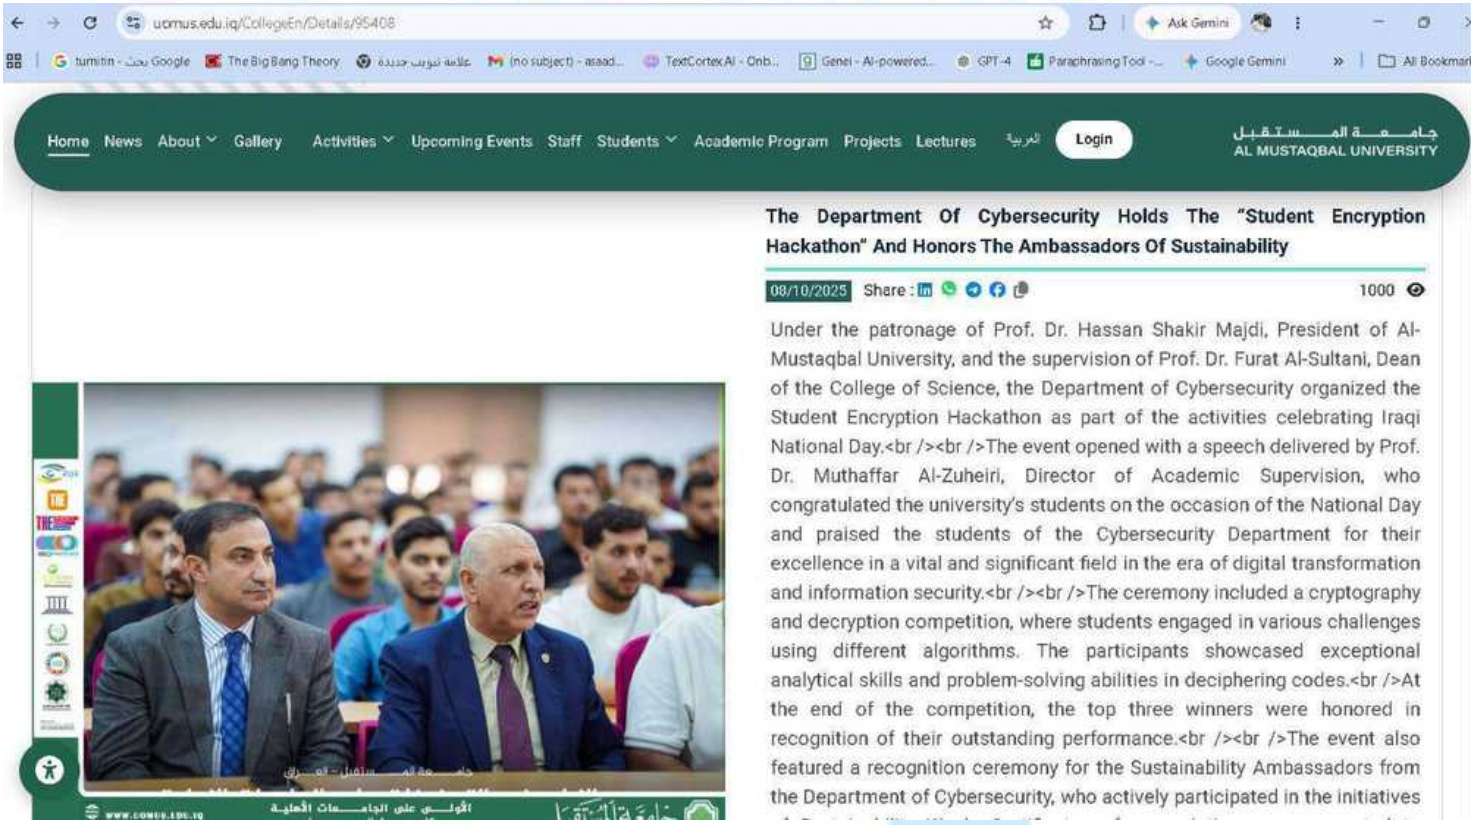

Evidence 15: Fifth Legal Forum on Human Rights, College of Law (December 2025)

This news item, published on the university website on 13/12/2025, reports the Fifth Legal Forum on Human Rights, held on Saturday 13/12/2025 at the College of Law under the slogan "Human Rights: A Pillar for Building a Secure Society and Strong Institutions", under the patronage of the University President. The forum discussed ways to achieve SDG 16, with presentations on the role of security agencies in protecting human rights, national and international legislation, and the role of universities and professional associations. Participants included the Director of Media at the Babylon Police Command, who delivered a lecture, and the Head of the Babylon Election Commission, who presented an intervention, making the forum a direct channel of exchange between the University and public officials. Topic area: law and human rights.

Evidence 16: Student Encryption Hackathon and Recognition of Sustainability Ambassadors (October 2025)

This news item, published on the university website on 08/10/2025, reports that the Department of Cybersecurity organized a Student Encryption Hackathon as part of the activities marking Iraqi National Day, including a cryptography and decryption competition with honours for the top three winners and a recognition ceremony for the Department's Sustainability Ambassadors. The event builds student capability in information security. Topic area: technology.

Evidence 17: Women's Affairs Division: Awareness Campaign on the Dangers of Drug Abuse (December 2025)

This news page, published on the website of the Women's Affairs Division in December 2025 under the title "Awareness Campaign on the Dangers of Drug Abuse", states that the Division organized the campaign in cooperation with the Head of the Women's Affairs Unit in the College of Education to raise awareness among university students. Topic area: public health awareness.

Evidence 18: Awareness Campaign and Poster "Combating Cyber Extortion" (March 2025)

This news item, published on the university website on 18/03/2025, reports an awareness campaign and a poster titled "Combating Cyber Extortion", organized by a lecturer to raise awareness among students and the community about the dangers of cyber extortion and how to prevent it, combining legal and media awareness. The campaign aligns with SDG 16 and SDG 4. Topic area: technology and law.

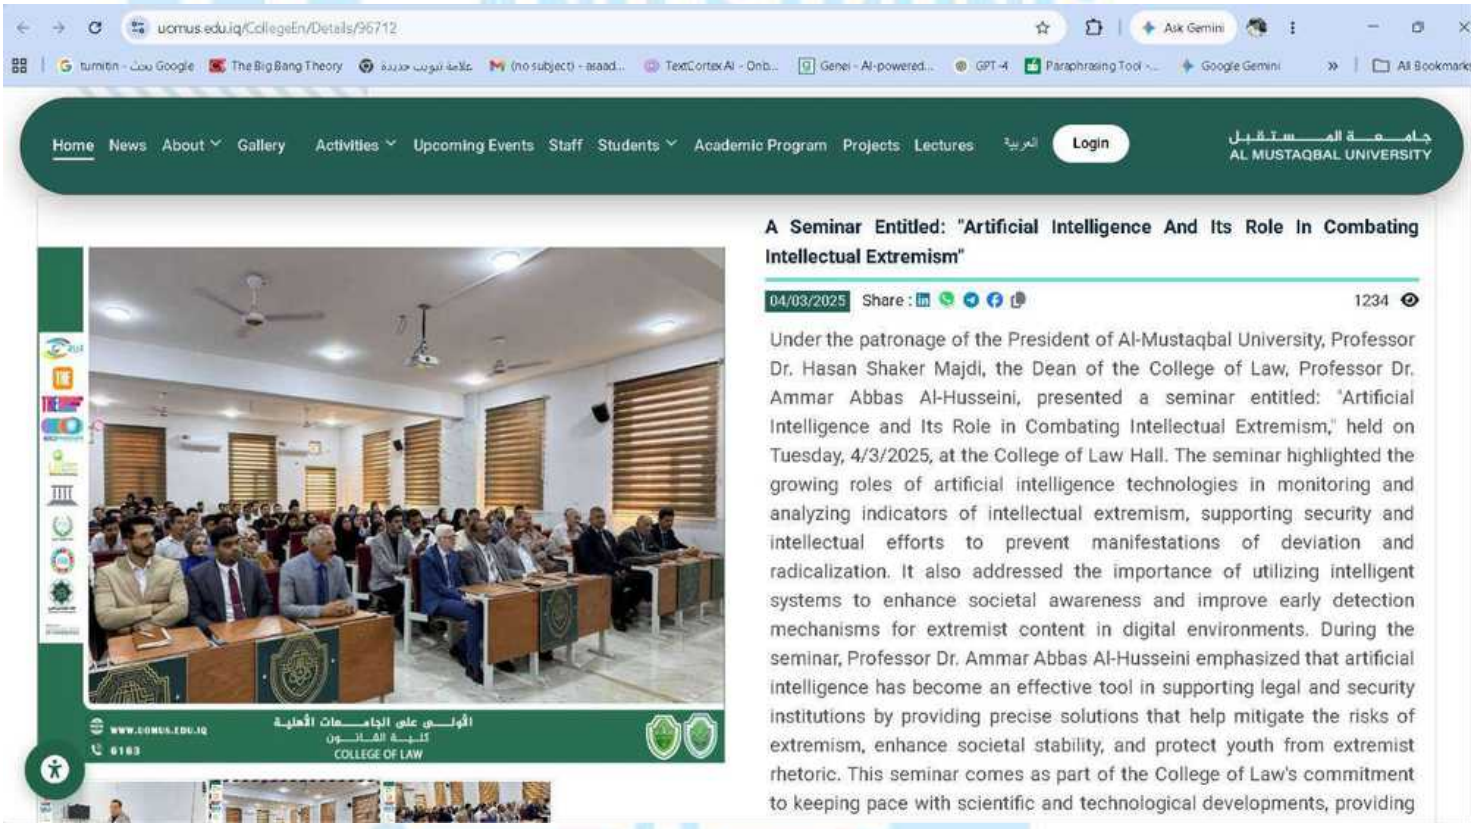

Evidence 19: Awareness Campaign on Cyber Extortion, Department of Cybersecurity (December 2025)

This Arabic news item, published on the university website on 08/12/2025, reports an awareness campaign on cyber extortion organized by the Department of Cybersecurity with the participation of second-stage students and attended by a number of the department's teaching staff. The students prepared a poster on the methods used by extortionists, warning signs, and ways of prevention and reporting. Topic area: technology.

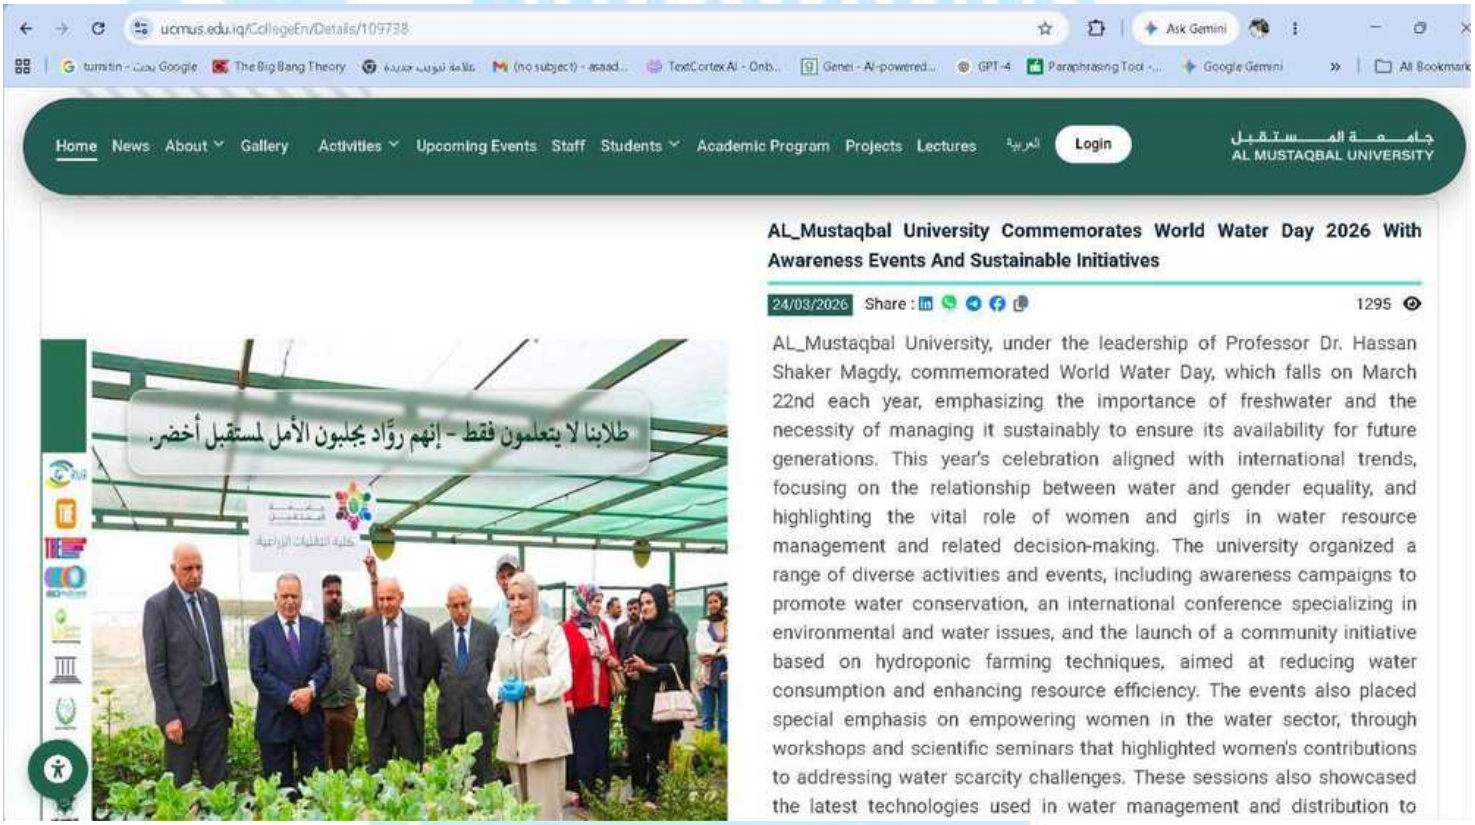

Evidence 20: Seminar: Artificial Intelligence and Its Role in Combating Intellectual Extremism (March 2025)

This news item, published on the university website on 04/03/2025, reports a seminar held on Tuesday 4/3/2025 in the College of Law hall, under the patronage of the University President and presented under the Dean of the College. The seminar covered the use of artificial intelligence technologies in monitoring and analysing indicators of intellectual extremism and in supporting security and legal institutions. Topic area: technology and law.

Evidence 21: World Water Day 2026 Commemoration (March 2026)

This news item, published on the university website on 24/03/2026, reports that the University commemorated World Water Day with awareness campaigns on water conservation, an international conference on environmental and water issues and a community initiative based on hydroponic farming. The events placed special emphasis on women's contribution to the water sector through workshops and scientific seminars. Topic area: water and climate.

Evidence 22: College of Education Awareness Workshop on World No Tobacco Day (June 2026)

This news item, published on the university website on 02/06/2026, reports a health awareness workshop organized by the College of Education on the occasion of World No Tobacco Day under the slogan "No Smoking… For a Better Life", delivered by the Dean of the College for students and university staff and supported by global statistics on tobacco use. Topic area: public health awareness.

Evidence 23: Voluntary Campaign to Distribute Paper Bags, College of Law (February 2025)

This Arabic news item, published on the university website on 13/02/2025, reports a voluntary campaign carried out by the College of Law's "Sustainability Ambassadors" team on Monday 10/02/2025 in the city centre of Hilla, distributing paper bags to bakeries and greengrocers to reduce the use of plastic bags. The campaign takes the University's environmental message directly to local businesses and the community. Topic area: environment.

Evidence 24: Panel Discussion: The Right to Decent Work and Informal Employment (March 2025)

This news item, published on the university website on 05/03/2025, reports the panel discussion "The Right to Decent Work: Challenges of Informal Employment in Achieving Social Justice", organized by the College of Law under the patronage of the University President and presented by a faculty member. The discussion addressed the challenges faced by informal workers, including seasonal workers, day labourers and temporary contract workers, and affirmed that addressing them requires legislative reforms and supportive policies. It was attended by a number of professors and students of the College. Topic area: economics and law.

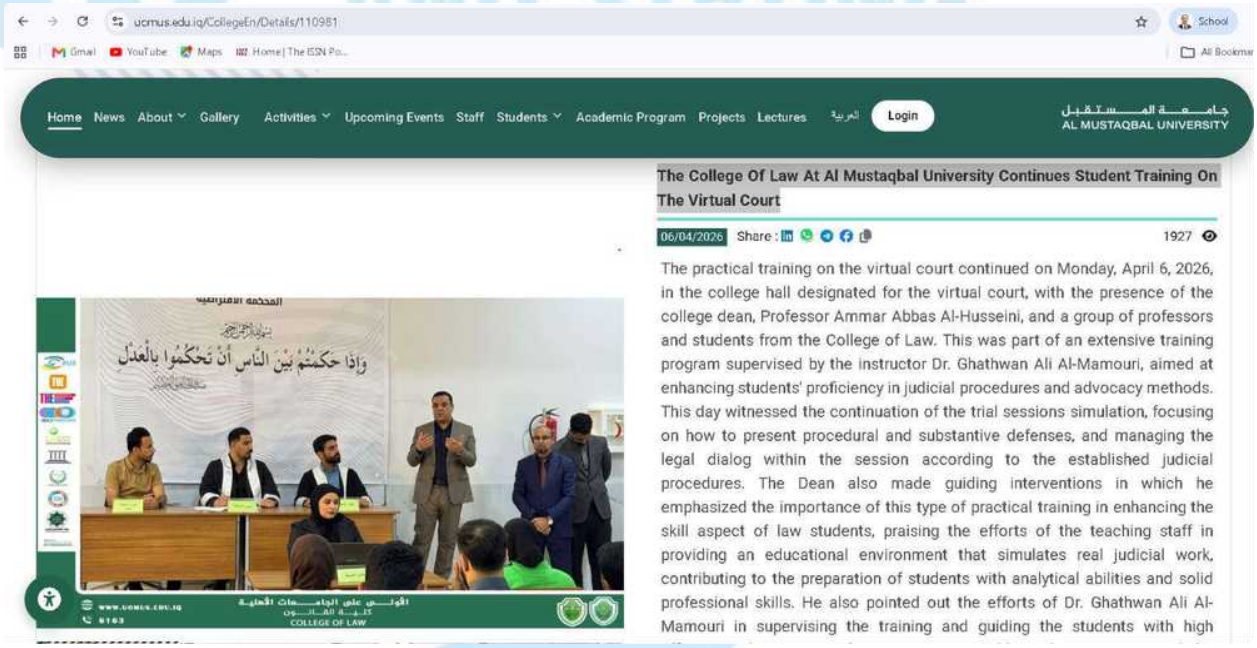

Evidence 25: Crime Scene Simulation: Integrating Education and Security (February 2025)

This news page, published on the university sustainability website (sustainability.uomus.edu.iq) on 11-02-2025 under the title "Al-Mustaqbal University Enhances Integration Between Education and Security Through a Realistic Crime Scene Simulation", records a realistic crime scene simulation through which the University connects education with security practice. Topic area: law and security.

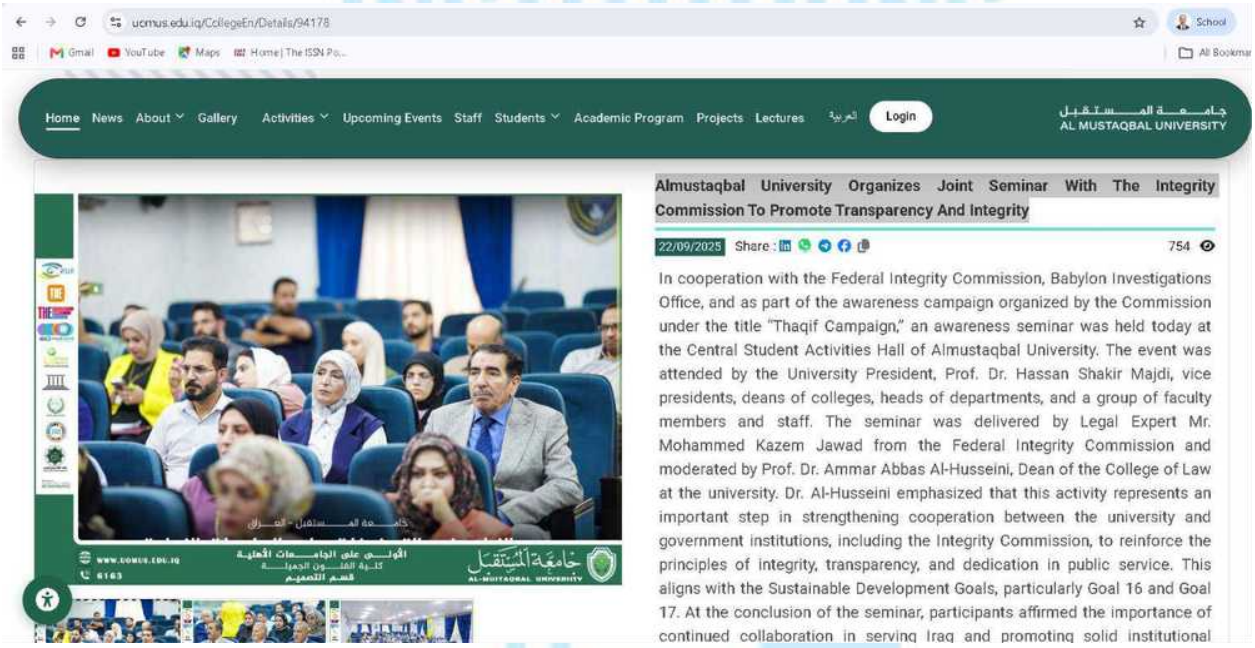

Evidence 26: Student Training on the Virtual Court, College of Law (April 2026)

This news item, published on the university website on 06/04/2026, reports that practical training on the virtual court continued on Monday 6 April 2026 in the college hall designated for the virtual court, in the presence of the Dean and a group of professors and students of the College of Law. The training programme, supervised by an instructor, strengthens students' skills in judicial procedures and advocacy. Topic area: law.

Evidence 27: Joint Seminar with the Federal Integrity Commission (September 2025)

This news item, published on the university website on 22/09/2025, reports an awareness seminar held at the Central Student Activities Hall in cooperation with the Federal Integrity Commission, Babylon Investigations Office, as part of the Commission's "Thaqif Campaign". It was attended by the University President, vice presidents, deans, heads of departments, and faculty members and staff, delivered by a legal expert from the Federal Integrity Commission and moderated by the Dean of the College of Law, who affirmed its role in strengthening cooperation between the University and government institutions, including the Integrity Commission. Topic area: integrity and law.

AL MUSTAQBAL UNIVERSITY

Almustaqbal University Organizes Joint Seminar With The Integrity Commission To Promote Transparency And Integrity

22/09/2025 Share : 754

In cooperation with the Federal Integrity Commission, Babylon Investigations Office, and as part of the awareness campaign organized by the Commission under the title "Thaqif Campaign," an awareness seminar was held today at the Central Student Activities Hall of Almustaqbal University. The event was attended by the University President, Prof. Dr. Hassan Shakir Majdi, vice presidents, deans of colleges, heads of departments, and a group of faculty members and staff. The seminar was delivered by Legal Expert Mr. Mohammed Kazem Jawad from the Federal Integrity Commission and moderated by Prof. Dr. Ammar Abbas Al-Husseini, Dean of the College of Law at the university. Dr. Al-Husseini emphasized that this activity represents an important step in strengthening cooperation between the university and government institutions, including the Integrity Commission, to reinforce the principles of integrity, transparency, and dedication in public service. This aligns with the Sustainable Development Goals, particularly Goal 16 and Goal 17. At the conclusion of the seminar, participants affirmed the importance of continued collaboration in serving Iraq and promoting solid institutional
