Throughout 2025, Al-Mustaqbal University implemented a range of initiatives to promote water sustainability. These included awareness campaigns, technical workshops, field visits, community outreach, and student engagement, all aimed at encouraging responsible water consumption and protecting water resources.

These initiatives reflect the university's commitment to advancing sustainable water management and supporting the achievement of the Sustainable Development Goals (SDGs) in Iraq.

- "Every Drop Counts" Campaign for Water Conservation

Link: https://uomus.edu.iq/Department/Details/84707

The Department of Radiology Techniques at the College of Health and Medical Technologies has launched an awareness campaign titled "**Every Drop Counts**," led by faculty member **Farah Alaa**. The initiative aims to promote a culture of water conservation and foster environmental awareness among students.

Key Activities:

- Distributing awareness materials across the university campus.

- Encouraging students to reduce water waste.

- Promoting individual responsibility in preserving water resources.

Sustainable Development Goals (SDGs):

- Goal 6: Clean Water and Sanitation.

- Goal 12: Responsible Consumption and Production.

This campaign is part of the university's broader efforts to enhance environmental awareness and support sustainability.

- **"Let's Conserve Our Resources… Through Our Daily Choices" Campaign**

Link: https://uomus.edu.iq/College/Details/84461

On April 21, 2025, second-year students from the Department of Medical Device Technology Engineering at Al-Mustaqbal University organized an awareness campaign supervised by **Dr. Laban Hamid, Mr. Ali Ibrahim, and Mr. Zain Al-Abidin Jabbar** to promote sustainable practices on campus.

Key Activities:

- Raising awareness about the conservation of water, electricity, and paper.

- Promoting the use of sustainable alternatives.

- Setting up interactive booths and distributing informational brochures on waste reduction.

Related Sustainable Development Goals (SDGs):

- Goal 6: Clean Water and Sanitation.

- Goal 7: Affordable and Clean Energy.

- Goal 12: Responsible Consumption and Production.

- The College of Law at Al-Mustaqbal University Organizes a Workshop on Water Conservation on Campus

Link: https://uomus.edu.iq/News/Details/99083

As part of the "**Future Water Conservation Week" activities**, the College of Law held a discussion workshop titled "**Drafting Regulations for Water Conservation on Campus**," presented by **Dr. Thamer Ramadan Amin**, Assistant Dean for Administrative Affairs.

Key topics covered in the workshop included:

- The importance of water conservation as an institutional and ethical responsibility.
- Drafting administrative regulations and guidelines to curb water waste.
- Promoting a culture of sustainability among students and staff.
- Translating ministerial directives into practical, actionable measures within the university.

Relevant Sustainable Development Goals (SDGs):

- Goal 6: Clean Water and Sanitation.
- Goal 12: Responsible Consumption and Production.
- Goal 16: Peace, Justice, and Strong Institutions.

This workshop supports the university's ongoing efforts to conserve water resources and promote their sustainable management across the campus.

- College of Fine Arts at Al-Mustaqbal University Organizes an Art-Based Campaign for Water Conservation

Link: https://uomus.edu.iq/College/Details/109716

The College of Fine Arts at Al-Mustaqbal University has organized an awareness-raising art campaign, supervised by Assistant Lecturer Ammar Nazim Hadi, with the participation of faculty members and students. The initiative aims to promote a culture of water conservation and enhance environmental awareness.

Key Activities:

- Creating artworks that illustrate the vital importance of water for life.
- Highlighting improper water consumption habits.
- Utilizing art to raise awareness and encourage the rational use of water.

Related Sustainable Development Goals (SDGs):

- Goal 6: Clean Water and Sanitation.
- Goal 12: Responsible Consumption and Production.The campaign reflects the role of art in fostering social responsibility and promoting a culture of sustainability.

- The College of Fine Arts at Al-Mustaqbal University Hosts an Online Workshop on Water Conservation

Link: https://uomus.edu.iq/College/Details/110196

The College of Fine Arts at Al-Mustaqbal University held an online workshop titled "**Water Conservation within the University Community**," presented by **Dr. Hamed Abbas** and **Suhayla Kadhim**.

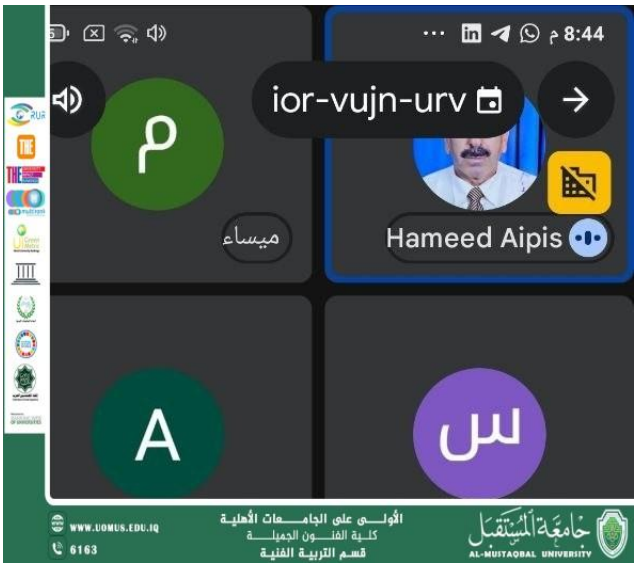

Key topics covered in the workshop included:

- The importance of preserving water resources.
- Reducing water waste within the university campus.
- Promoting environmental awareness and adopting sustainable behaviors.
- Discussing innovative solutions to ensure water sustainability.

Relevant Sustainable Development Goals (SDGs):

- Goal 6: Clean Water and Sanitation.
- Goal 12: Responsible Consumption and Production.
